Your Eminence,

I sent to You the Tomos of Intercommunion between our Orthodox Church and the Jurisdiction of the Church of Italy of His Beatitude Basilios. HB Basilios is the Primate of the Italian Orthodox Church and the True successor of His Beatitude Antonio De Rosso. The Church of Italy is a daughter of the Patriarchate of Bulgaria, and received in 1998 the Tomos of Autonomy. Before the election of His Holiness Neafit of Sofia, was in full communion with the Patriarchate of Bulgaria and the Patriarchate of Kiev. Now, the Autocephalous Church of Italy is in communion with Kiev, Church of Montenegro and now through us with the Church of Cyprus and the Church of Greece.

The Church of Greece, Cyprus and Us, recognized to the Church of Italy, the status Autocephaly, because this church in some way was abandoned from its mother Church (Patriarchate of Bulgaria).

His Beatitude Basilios, was ordained in the Patriarchate of Kiev from Patriarch Volodymir and was a co-consecrator in my episcopal Chirotonia.

I ask for Your Blessing dear Brother.
If You want You can put this tomos in Your website.

+++Volodymir of St. Julius, Classis and all Gaule Cisalpine

Basilios is the Proedros of the Italian Orthodox Church – PB (Patriarchate of Bulgaria)
His jurisdiction is Italia Suburbicana (center, south and Island)

Volodymir is the Proedros of Classis and Al Gaule Cisalpine (was the alternative ancient name of the region of Italia Annonaria, that is north Italy and part of France. In this way, respecting the Holy Canons, our territory is not the same of His Beatitude Basilios.
